GENEVA SPIRIT AGAIN?

By Austin Brooks

Reprinted from **CANDOUR**
10 Dingwall Rd., Croydon, Surrey, England

What a pleasant little luncheon party it must have been at the **White House** on Tuesday of last week—the 80th anniversary of the birth of **Franklin Delano Roosevelt**. **Dear Jack** and **Jackie Kennedy** found such suitable guests for the occasion—none other than **Alexei Adzhubei**, editor of **Izvestia**, and his wife, who is of course, as every international socialite knows, the daughter of **Nikita Krushchev**. **Pierre ("Plucky Peter") Salinger** was there too—the President could scarcely do without his Press Secretary on such an auspicious occasion—and he was actually invited by **Alexei** to visit Moscow early in the summer. Of course he accepted. As he said afterwards: "**Adzhubei and I are very interested in doing everything possible to improve the flow of communications between the U.S. and Russia.**"

ROOSEVELT'S "WONDERFUL WORDS"

Meanwhile, back on the Black Sea coast, **Nikita** himself was busy composing a message to **Mrs. Eleanor Roosevelt**, America's own **Red Queen**. This read:

"We in the Soviet Union revere the memory of **Franklin D. Roosevelt**. He knew that businesslike co-operation was the solely reasonable form of relations between Capitalist and Socialist countries. We value highly the efforts he undertook to promote Soviet-American co-operation. And we consider that not only the prerequisites for the improvement of our relations have been fully preserved, but the need for improvement has become more imperative. The state of relations between the Soviet Union and the United States determines to a large degree the attainment of the great goal towards which all peoples strive—the removal of the threat of war."

Pravda also joined in the chorus, declaring: "**Roosevelt** tried to keep a policy of reason. We have not forgotten his wonderful words about the happy tradition of friendship between our peoples. We wish to revive it." **Mrs. Krushchev** also came in on the act, attending a "**Russia-U.S. friendship rally**" in Moscow and chatting amicably to the American Ambassador, **Mr. Llewellyn Thompson**. On the following day, **Adzhubei** attended one of President **Kennedy's** Press conferences, after he and his wife had been entertained to lunch by the President's brother **Robert**, the Attorney-General. No wonder the **Daily Express** reported that "not even **Plucky Peter**, as **Salinger** is called, could knock down the reports that have Washington excited about a possible new relationship with Russia Everything adds up to a determined two-way effort for peace."

"Peace," of course, is the sort of euphemism that the **Express** is bound to use. What everything in fact adds up to is a rapprochement between the United States Government and Soviet Communism of a type which has cropped up time and again in the 45 years

F.D.R. handed over to communism several countries with millions of helpless people. He did more to spread Bolshevism than **Stalin**. **Kennedy** at **F.D.R.'s** grave, pledged he was taking up where **F.D.R.** left off.

since America's entry into the First World War followed the Bolshevik Revolution in Russia. Not for the first time, **Candour** finds it necessary to remind its readers of what is perhaps the most extraordinary piece of special pleading for Bolshevism in recorded history—the Sixth of President **Wilson's** famous Fourteen Points:

"6. The evacuation of all Russian territory, and such a settlement of all questions affecting Russia as will secure the best and freest co-operation of the other nations of the world in obtaining for her an unhampered and unembarrassed opportunity for the independent determination of her own political development and national policy, and assure her of a sincere welcome into the society of free nations under institutions of her own choosing, and more than a welcome, assistance also of every kind that she may need and may herself desire. The treatment accorded Russia by her sister nations in the months to come will be the acid test of their good will, of their comprehension of her needs as distinguished from their own interests, and of their intelligent and unselfish sympathy."

The Fourteen Points, needless to say, were put forward in the name of "peace"—and put forward, moreover, at a time when the Bolsheviks were butchering countless millions of loyal Russians who were most inconsiderately opposed to the new Russia's "institution of her own choosing."

TEMPORARY COOLNESS

After the reaction against Wilsonism set in in the United States, there developed a marked coolness between the Republican Governments which followed **Wilson's** and

the Soviet Union—though not between the Soviet Union and the great finance houses centred in New York, which were merely put to the inconvenience of channelling loans to their new pet through Paris, Hamburg and London. When the last of the pre-war Republican Presidents, **Hoover**, took office, the American economy was booming. The great Slump swept him from office and made way for **Roosevelt**—the man who, to quote **Krushchev**, "knew that businesslike co-operation was the solely reasonable form of relations between Capitalist and Socialist countries." To go fully into the cause of that Slump would require too much space. Suffice it to say that, a clause in the **Federal Reserve Act**, which would have required the collection of private bankers known as the **Federal Reserve Board** to restrict credit during periods of boom and to expand it at times of slump, having been quietly dropped during the passage of the Act through Congress, precisely the opposite procedure was followed, with inevitably disastrous results. **Roosevelt** was in.

Roosevelt remained in until his death twelve years later, and wasted little time in launching "the efforts he undertook to promote Soviet-American co-operation." The **White House** became a home-from-home for Communists and fellow travellers. His efforts reached a peak during the war in which he had repeatedly promised not to embroil America, and in which he did not embroil her until after **Hitler** had attacked the Soviet Union. They culminated in the enslavement by the Soviet Union of Poland—for whose "freedom" the war was ostensibly fought, the freedom of Latvia, Lithuania and Estonia being regarded as of no account—Hungary, Rumania, Bulgaria and East Germany, the Communisation of Yugoslavia and Albania, and subsequently of China, and the later enslavement of Czechoslovakia. It is unlikely that the people of these countries have forgotten **Roosevelt's** "wonderful words" about the "happy tradition of friendship" between the U.S.A. and the U.S.S.R., or that they share **Krushchev's** reverence for his memory.

AID TO RUSSIA

My colleague **Aidan Mackey** recalled in his article "**The Abominable Snowman**" a month ago the revelations in the **Diaries of Major George Racey Jordan**, who was in charge of the transport of **Lend-Lease** from the U.S. to Russia, of the way in which the Soviet Union was supplied with maps, nationwide charts showing strategic military and industrial installations and documents relating to the war plants of the United States, and, from the State Department, "voluminous copies of reports which American attaches in Moscow had forwarded trustfully, in diplomatic pouches, to their superiors in Washington," plus atomic secrets sent direct from the **White House** itself. **Condour** discovered yet another example of the way in which the **Roosevelt** gang worked in the spirit of **Wilson's** Sixth Point when, a decade

ALIENS CLAIM TO "REPRESENT" PALESTINE

By Issa Nakhleh, Director of Palestine Arab Delegation

A country is rightfully represented by its nationals who were born on its soil, breathed its air and lived in their mother land as loyal and patriotic citizens. The law in many countries bars a person from holding high office in the government unless that person is a citizen by birth.

Palestine is the exception to this rule. Those who claim to "represent" Palestine, having defiled her historic and sacred name by substituting a counterfeit name, are alien transplanted illegal immigrants who are neither citizens by birth nor connected in any way with Palestine.

Imagine a citizen of Pakistan, Argentine or Lebanon claiming to be Prime Minister, Ambassador, or United Nations representative for the United States, the Soviet Union, or Poland?

It sounds absurd and ridiculous to hear such a statement made yet this is literally true in the case of Palestine. A Polish Jew claims to be Palestine's "Prime Minister". A United States citizen claims to be Palestine's "Ambassador to the United Nations".

The following however are the facts:

Mr. David Ben Gurion: His real name is David Green. He was born in Plonsk, Poland. He went to Palestine when he was 20 years old and worked there as a labourer. Thereafter he left Palestine and lived in the United States from 1915 to 1921. He returned to Palestine in 1921.

The greatest responsibility falls on Mr. Ben Gurion for expelling more than one million Christian and Moslem Arabs from their ancestral homeland, and for massacres and crimes by which thousands of Christian and Moslem Arabs lost their lives. He however calls himself the "Prime Minister" of occupied Palestine.

Mrs. Golda Meir: Her real name is Mabovitz which became Myrson and is now Meir. She was born in Kiev, Russia. She migrated to the United States with her family where she was educated. She became a citizen of the United States and worked as a school-teacher in Milwaukee, Wisconsin. She went to Palestine in 1922 and worked as an agricultural labourer. As late as 1948 she was a citizen of the United States. Now she claims to be "Foreign Minister" of occupied Palestine.

Mr. Pinhas Rosen: His real name is Rosenbluth. He was born in Berlin, Germany. He went to Palestine in 1931 when he was 44 years old. Now he claims to be "Minister" in occupied Palestine.

Mr. Abba Eban: His real name is Solomon. He was born in Capetown, Union of South Africa. He was an officer in the British Army. He worked in Army Intelligence in the Middle East. He went to Palestine in 1946 as an official of the International Jewish Agency. He is remembered in United Nations for his ability to distort facts. He was a British subject in 1959 when he went to occupied Palestine to become "Minister".

Mr. Michael Comay: His real name is Ochberg. He was born in Capetown, Union of South Africa where he was educated. Until 1945 he was a Major in the South African Army. In 1946 he joined the International Jewish Agency and went to Palestine. He now claims to be "United Nations Representative" of occupied Palestine.

These incontestable and irrefutable facts illustrate how international Zionist adventurers change their nationalities, their loyalties and their names as easily as they change their shirts. A birthright, a national loyalty or a passport mean nothing to them. They use them as stepping stones to satisfy their desire for fame and fortune.

Is it not a mockery and an insult to the

intelligence of United Nations Delegates that Mr. Eban or Mr. Comay, both nationals of the Union of South Africa, raise hues and cries in United Nations. "This is our country and we will never allow United Nations, to interfere in our internal affairs or our sovereignty. We shall never allow the Arabs to return to Palestine because they will endanger our security."

That would only be true if the Arabs were seeking to occupy the Union of South Africa! But the Arabs are only seeking to return to their homes in their ancestral homeland.

ZIONIST KIDNAPPERS

On the 2nd of August 1961 a Spanish court sentenced a Jew from occupied Palestine, Zvi Aldoubi by name, and his French companion, one Jacques Fenchon, to nine and six years imprisonment respectively, on the charge of having attempted to kidnap Mr. Leon DeGrelle, a Belgian citizen living in Spain. It appeared the two accused were working for the International Zionist kidnappers in Tel-Aviv who plotted the abduction of Eichmann. It is alleged by Zionists that Mr. DeGrelle is "the former Belgian Nazi leader who collaborated with Nazis against Jews".

This is one of the many instances where Zionist gangsters violated the sovereignty of foreign states, and acted in the most irresponsible and reprehensible manner towards nations and governments. This is the established pattern of Zionist behavior throughout the world. Not one month passed since 1948 without Zionist representatives or agents provoking international incidents for which they were expelled or imprisoned.

The Spanish Government and police are to be congratulated on the ability and speedy manner in which they dealt with these criminals. The Zionist gangsters learned a lesson they well deserved.

A PASSPORT WORTH MILLIONS!

Dr. Nahum Goldmann, President of the World Zionist Organization is a citizen of the United States. On the 3rd of August 1961 he went to Tel-Aviv to take part in the campaign for so called "elections". At Lydda airport he read a prepared statement in which he asserted that every Jew has a right to "Israel", and that "there could be no separation between 'Israel' and Jews elsewhere and that the partnership between the two Jewries was not limited to philanthropy but included the right of all Jews to advise, comment and express views on key problems of 'Israel'."

Commenting on his United States passport and citizenship he stated, "It would

depend on what is more important from a Jewish point of view. Perhaps the millions of dollars that 'Israel' will receive are more important than the question of my nationality. If I had an 'Israel' passport I would not have succeeded in obtaining those millions of dollars for our people. The question is how many millions of dollars for the 'Jewish nation' is my passport worth?"

This startling declaration could only be made by a Zionist. Dr. Nahum Goldmann does not lack the shame to publicly state that he has been using his United States citizenship and United States passport as means to extort millions of dollars for the so-called 'Jewish nation'. Why did he take the oath of allegiance to the United States and become a United States citizen?! We are not interested in the various nationalities, allegiances or loyalties of Dr. Goldmann as much as we are concerned about his statement that every Jew has "rights" in occupied Palestine. A Jew need only go there to become a citizen. On his arrival he can become a "head of a party", or "Minister" or even "Prime Minister", an office to which Dr. Goldmann evidently aspires.

Zionist adventurers are playing a wicked and criminal game which constitutes a grave danger to Palestine and the Middle East, and to millions of Jews who are loyal citizens of many countries. These Jews may one day find themselves the victims of this fatal folly of their co-religionists.

WHEN ZIONISTS ARE VICTIMS AND WHEN ZIONISTS ARE AGGRESSORS

The Zionist International, and specifically the Zionist gang in occupied Palestine have used the Eichmann trial as a showcase "to impress upon Gentiles the plight of Jews as victims of Christian persecution and a lesson to those who may dare in the future to do anything against Jews."

Millions of Christians were liquidated in the era, but nobody is ever told about them. Zionists stole the whole show for themselves. They capitalized upon the sympathy of Christians throughout the world to enable them to commit the crime of the century against the Christian and Moslem Arabs in Palestine.

WHEN JEWS WERE VICTIMS

When Jews were victims they conducted a vigorous propaganda campaign inciting world opinion against Germany which contributed in a large measure towards unleashing World War II.

Jews waged a war all their own against Germany to tighten the boycott against German products, German films and everything German.

When the Germans were defeated, Jews demanded the prosecution and condemnation of German leaders, the demilitarization of Germany, vengeance against all Germans in any way identified with the Nazi party, complete restitution of Jewish assets in Europe and large claims for material compensation. Not one week has passed in the last seventeen years in which Jews have not accused Germans of Nazi connections, demanding their imprisonment, punishment or dismissal. Jews continue to demand vengeance, retribution and compensation. Jews regained their former possessions and assets in Europe. Many Jews returned and were reinstated to their former status in Germany, and in all European countries.

WHEN ZIONISTS ARE AGGRESSORS

Russian and German Jews invaded Palestine. More than one million Christian and Moslem Arabs were expelled from their ancestral homeland by force and violence, and their homes and assets plundered and looted by a transplanted minority of European Jews forced into Palestine as illegal immigrants by

British policy and bayonets. Armed gangs of Jews massacred Arab aged men, women and children. Zionists killed thousands of Christian and Moslem Arabs. Zionists desecrated and profaned the Christian and Moslem Holy Places. Zionists in occupied Palestine are now treating 200,000 Christian and Moslem Arabs as third class human beings who are now compelled to live in ghettos. The Zionists learned their lessons well.

Zionists want to get away with **crime, murder, and robbery.** Any person who mentions Zionist crimes in Palestine is branded a "bigot" and an "anti-Semite". If Arabs declare a boycott against Zionist gangs in occupied Palestine, who stole Arab homes and homeland, they are branded as "aggressors". If Arabs protect themselves against Zionist spies, agitators or infiltrators they are accused of "discrimination" against citizens of certain states. If Arabs urge an end to the Zionist illegal occupation of Palestine they are branded "warmongers".

The following facts regarding Zionist attitudes towards Germany and towards Arabs expose the gangster methods of Zionists.

Zionist organizations and the World Jewish Congress called for a conference on Jewish material claims against Germany at the end of World War II. They presented claims for restitution of all Jewish assets in European countries and for compensation with respect to loss and damage suffered by Jews during the Nazi era.

Strong pressure exerted by the western powers in control of Germany upon **Dr. Konrad Adenaur**, West German Chancellor, compelled him in 1952, to make an agreement with **Mr. Moshe Shertock** and **Dr. Nahum Goldmann** whereby West Germany agreed to pay the International Zionist gang in occupied Palestine \$822,000,000 over a period of twelve years, "\$715,000,000 to defray the cost of absorbing refugees from Nazism in Palestine, and \$107,000,000 as compensation for heirless and unclaimed Jewish assets seized by Nazis". These amounts are being paid in the form of capital goods, raw materials and services which are building up the war industries and other enterprises in occupied Palestine.

In addition to the above \$822,000,000, individual Jewish claimants residing in occupied Palestine, according to Zionist sources, were paid the following amounts: From 1954 to 1958 \$187,000,000, in 1959 \$60 million, in 1960 \$101,000,000, and what is expected for 1961-62, \$150,000,000, making a total of \$448,000,000.

In his report to the Conference on Jewish Material Claims against Germany, in its meeting held in New York on the 5th February, 1961 **Dr. Nahum Goldmann** pointed out "the payments to individual Nazi victims by the German Government reached \$2,077,000,000 by September 13, 1961. But the record must be weighed against the fact that only **one half** of the estimated amounts due have been paid." The German Embassy in Washington issued a statement on the 8th of May, 1961 declaring "the Federal Government of Germany will continue to make every effort for the quickest possible processing of restitution claims. This is evident from the payments of approximately 13 billion marks (i. e. \$3.1 billion) so far by the Federal Republic."

Germany was also pressured into paying Austria about \$60,000,000 for a fund set up by Austria for compensating Jews, and into paying \$10,000,000 to Italy for the same purpose. This was in addition to what Jews got directly from both Austria and Italy as restitution of assets or compensation.

According to the laws enacted by the Allied Powers in the British, French and United States occupied zones of Germany, all persons who were persecuted because of political convictions or on racial, religious

A Fighting Ship - A Fighting Man

Rear Admiral John G. Crommelin

This is about a \$25,000,000 fighting ship with the greatest record of any ship in military history. With this ship was associated **Rear Admiral John G. Crommelin**, now retired and candidate for United States Senator from Alabama in the Democratic primary of May 1st.

W. J. Mahoney Jr. of Alabama Journal, Montgomery, Alabama, had this to say:

I'm speaking of a battle-scarred veteran of war in the Pacific, a deadly floating landing-field that slugged it out with everything the enemy had to offer, from before the fires of Pearl Harbor died to after the dust had settled on Hiroshima.

It was in 20 major battles and some 44 furious clashes of lesser importance. It was credited with sinking 71 ships of all classes, including a 40,000-ton battlegroup, and with crippling 192 more. It shot 911 Jap planes out of the skies—officially.

She had two sisters, a little older and the other four years younger than she. Both are at the bottom of the Pacific, where the Japs claimed so often to have sent her.

She will be 21 years old next Oct. 3—if she survives that long. Her wartime feats are legend—and legion. Like the spectacular exploit of **Gen. "Jeb" Stuart**, when his cavalry completely circled the Yankee army, this roaring runway for Navy fighters, dive-bombers and torpedo planes plowed a course completely around the Jap-held Philippines to strike at land-based installations.

ALONE—IT MET ENEMY AND "PLASTERED" HIM

On "the road back," it put its planes off, close ashore, to blast a path of dead Japs for the Marines landing on Guadalcanal. It led its sister, the *Hornet*, toward enemy territory for the Doolittle raid on Tokyo. It was at Midway where its other sister, the *Yorktown*, went down. At Santa Cruz, where it was the target of 125 death-hungry Japs, it shot down 84. That was the longest sustained attack ever experienced by a ship in war.

From the raid on the Gilberts, less than two month after Pearl Harbor, to Japan's surrender, the *Enterprise* was in the thickest part of the fighting, except for those times she was in drydock having her wounds hurriedly patched. And from start to finish, there were casualties aboard. American boys—numbers of them Alabama boys—were wounded and killed on her decks. With a back-full of shrapnel, a Montgomery boy, **James Edward Vincent**, earned the Purple Heart at Guadalcanal.

A Crommelin's Courage Leads Gun Crew

I talked with Vincent the other day. He is currently a civilian employe at Maxwell. Except for the three earliest brushes with the enemy, he was aboard the *Enterprise* through the entire war.

During part of that time, two of the five

famed Crommelin brothers were aboard—Charles and John.

In the midst of action, Vincent recalls, one of the big guns on the *Enterprise* exploded, killing a couple of men. It was hurriedly put back in firing order, the smashed parts replaced. The gun crew was reluctant to return to it.

"Admiral John Crommelin was then executive officer on the *Enterprise*," Vincent recalled. "He went to the gun, loaded it and fired it." The gun crew, ashamed to show further reluctance, went back to the gun and took over its operation. (End of quote).

During World War II Adm. Crommelin served aboard the aircraft carrier **ENTERPRISE**, participating in the occupation of Guadalcanal and the battles of Stewart Island, Santa Cruz, the Solomon Islands and of Rennel Island.

He is the holder of a **Commendation Ribbon** and is entitled to wear the **Presidential Citation Ribbon**. He was also the recipient of the **Legion of Merit** award and the **Purple Heart**.

WHO IS JOHN G. CROMMELIN?

John G. Crommelin is a native son of Alabama and a lifelong Democrat as were his forbears. He comes from pioneer stock who settled on the land where he now lives at about the time Alabama was admitted to the Union. He was born October 2, 1902, in Montgomery, where he attended public school and Sidney Lanier High. Before his 16th birthday he entered the University of Virginia, and in 1919 was appointed to Annapolis. After graduation he rose through the various grades in the Navy to his present rank.

John Crommelin comes from a family which has never failed to take a firm stand. His great grandfather, **Charles Gunter**, an Alabama State Legislator in 1847 was the author of the act establishing married women's rights to property. He is the oldest of five brothers, all graduates of Annapolis and all veterans of World War II. There was at least one Crommelin brother in every major naval engagement in the Pacific and Crommelin Field of the Naval Air Station at Atlantic City is named in tribute to the valor of the two Crommelin brothers, **Charles** and **Richard**, who were lost in action. As witness that John Crommelin serves his country with distinction, a war correspondent wrote a book, "**Then There Was One**", the war record of the most famous fighting ship in all history, the *USS Enterprise* and dedicated the book "**To John Crommelin and His Breed of Men**."

Twelve years ago John Crommelin told the American people the truth about potential subversion in Washington and as a result was forced to retire by the then President, **Harry S. (for Solomon) Truman**. (Ten months later Crommelin's estimate was proved by Truman's treasonable conduct of the Korean War.) Since then John Crommelin has been very active in the political and public life of Alabama and has maintained a very keen interest in the welfare of his fellow Alabamians and this nation.

A family man, John Crommelin was married to Lillian Eoff on December 1, 1930. They have three children, Katie, age 21, a college senior, Jill, age 16 and John, age 12, now in public schools here in Alabama.

If John Crommelin is elected, he will not likely be as changeable and pliable as the present-day politician, but he will have what is so badly needed in Washington, namely **patriotic courage to do what is best for his country.**

- FROM A NATIVE TEXAN -

March 19, 1962

Dear Voter:

The interest and grave concern over national, state, and local affairs which affect everyone is often evidenced by letters from the readers printed on the editorial pages of our daily papers.

There are eight candidates in the field striving for the highest state office which it is within our power to give. One of them, who is NOT a professional politician, one who serves no special interest, stands far to the front of the others, since his only ambition is to serve the patriotic people of Texas, who long for the return of our law-makers to constitutional government.

Texas can become the leader of all the fifty sovereign states making up these United States of America if only YOU, the voter, will look seriously back over the last several years and become startled—yes, really alarmed—at the realization of how far to the left this nation has been guided. Then make up your mind to support and to work for the election of General Edwin A. Walker for Governor of Texas.

LOVE is the strongest force in the world. My friend, if you love your country and sincerely want to save it from communism, you will take your most important step in that direction by casting your vote on May 5th for General Edwin A. Walker to be the next Governor of Texas.

As a native Texan, I make this direct appeal to you.

Seriously and respectfully yours,

or ideological grounds and have suffered damage to life and limb, health, liberty, possessions, property, or economic advancement shall be entitled to complete restitution. It was further enacted that speedy restitution should be made of all identifiable property (tangible and intangible) to persons whether natural or juristic, who were unjustly deprived of such property between 30th January 1933 and 8th May 1945 for reasons of race, religion, nationality, political views, or political opposition to national socialism.

According to these laws, Jews were to be given legal title and possession of their properties although they had been sold and transferred, even in cases where Jewish owners had themselves sold their assets. The Supreme International Restitutional Court in Berlin on various occasions ordered the return of estates, houses and assets to Jews now residing outside Germany, on the ground "that the Jewish owners were forced to sell for fear of racial persecution under the Hitler regime."

These are the facts when Jews are victims of persecution and become claimants. On the other hand let us examine the facts when these very same Jews are aggressors and persecutors of Moslems and Christian Arabs in Palestine, and the looters and plunderers of Arab homes and assets.

In 1948 Jews owned less than 1% of Palestine. Without any parallel in modern history, Jews plundered public and private property in the areas they occupied. Since 1948, Polish, German, Russian and American Jews and Jews of dozens of other nationalities have been unlawfully appropriating Arab homes, properties and stealing the income thereof. This annual income from private Arab properties exceeds one hundred million dollars. The oranges Jews export to Western Europe are Arab oranges. The olives and olive oil Jews export to the United States are from Arab olive groves, the fruits, the wheat, and the vegetables Jews eat grow on Arab farms. Seventy percent of the homes in which Jews are living are Arab homes.

When Arab States requested United Nations, in its Special Session of April 1961, to appoint an Administrator or Trustee to conserve and administer Arab properties in occupied Palestine, the same International Zionist gang which extorted billions of dollars from Germany, and which pressed for and obtained restitution of Jewish properties throughout Europe, objected and clamored "we shall not permit United Nations to interfere with our sovereignty." Zionists are determined to keep their stolen loot in defiance of International Law, United Nations Charter and every canon of morality, honesty, and decency.

What is truly incomprehensible and puzzling is the fact that the three Western Powers which enacted the Laws in occupied Germany for restitution to Jews of their assets, and compensation to Jews, were the only members in United Nations which lobbied and pressured various delegations to prevent the adoption by United Nations of Arab proposals for the appointment of a United Nations Trustee to administer Arab assets pending the restoration of these assets to their rightful Arab owners. Do these Western Powers maintain there are two scales of justice, one for the Arabs and one for the Jews? Do these Western Powers maintain a Jew is entitled to restitution of his assets in Germany and elsewhere and an Arab is not entitled to restitution of his home and assets in his ancestral homeland? Zionists are guilty under International Law and stand condemned as such before the world. The Arabs demand restitution. What is at stake is more than material wealth. It is the birthright and self-determination of a nation. It is the liberty, freedom and independence of the Christian and Moslem Arabs in Palestine.

GENEVA SPIRT AGAIN?

—o— Continued from page 1 —o—

after the war, U.S. Government documents relating to the Yalta Conference were published. One document was an indignant dispatch from the American Ambassador in Moscow concerning what he regarded as an impertinent suggestion by Molotov that, after the war, the United States should give the Soviet Union credits amounting to six billion dollars, to be used for the buying of various strategic materials. On the very day that this dispatch was written, Roosevelt's Secretary of the Treasury, Henry Morgenthau, sent a memorandum to the White House suggesting post-war credits for the Soviet Union not of six billion dollars but of ten billion, at a lower rate of interest than even Molotov had ventured to suggest and repayable over a long period.

STALIN TO BLAME?

Bolshevism having swallowed much of Europe and being in process of swallowing China (with the aid of General George S. Marshall, of the Roosevelt gang), a further period of apparent coolness developed between the Soviet Union and the U.S. Government. (There was even a war in Korea, which the U.S. Government did its damnest to prevent General Douglas A. MacArthur from fighting after the Soviet Union had continued to boycott the U.N. Security Council rather than veto it.) But of course there was a perfectly reasonable explanation for this coolness. It was Stalin's fault! (Unlike many generally accepted explanations of political events, this one may well be true.) Once Stalin was out of the way, the Geneva Spirit was brewed, and the Republican President Eisenhower quaffed it eagerly. Then came the Soviet brutality in Hungary, which was more than the American people could stomach, and Eisenhower was left only with a hangover. His next attempt to act in the spirit of Wilson's Sixth Point came too near to the end of his last term of office. Krushchev derided and humiliated him, and in came Kennedy, who avows the aim of "improving the atmosphere between Moscow and Washington."

Scarcely anybody doubts that the visit of Pierre Salinger to Moscow is a preliminary to a visit of President Kennedy to Moscow. Salinger himself chose a very "cagey" form of words in commenting on this possibility. "There has been no discussion," he said, after last Tuesday's lunch, "relating my trip to Moscow to a later visit by the President." Perhaps he had forgotten that in theory he had only just received his own invitation over the lunch-table.
